REMARKS

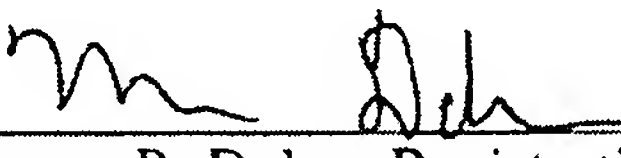

The application has been amended to include the reference to related applications in the specification. This information was included on the Declaration but was inadvertently omitted from the specification when the application was filed. The claim of priority has been recognized by the Patent Office and thus no petition or surcharge is required. See MPEP §201.11(V).

All pending claims are believed to be in condition for allowance, and a Notice of Allowability is therefore earnestly solicited.

Respectfully submitted,
